

## JBL UNBREAKABLE

### Stay healthy, keep on rockin'!

Danssport Vlaanderen is particularly concerned about the health of its participants, visitors, staff, volunteers and all their relatives. In the battle against the spread of the corona virus, we take our responsibility and try to keep the risks of contamination to a minimum. At the same time, however, we want to provide the opportunities to continue dancing, growing and breaking within the best possible conditions. In this capacity, we cannot avoid organizing the competition.

With this protocol we ensure that JBL Unbreakable will be safe.

### General measures

---

The generally applicable measures always form the basis on event and pre- and post- event.

- Frequent thorough hand washing
- Elbow coughing
- Persons with symptoms stay at home
- Wear mask where necessary
- Keep as much as possible a distance of 1,5 m

WORLD CHAMPIONSHIP BREAKING

## Measures for participants and public

---

JBL Unbreakable is a free public event and open for participants from all countries to participate.

### Pre & post event:

- Before and after the event, the participants must comply with the current measures imposed by the Belgian and local authorities.

### On event

- We will use the **covid safe ticket**: Only people with a valid covid safe ticket are allowed to enter the event.
- The event will take place entirely in the open air.
- Control on both days.
- There is the possibility to test participants on event. This is provided by the organization.

### Different countries present through registration:

- EU: Poland, Portugal, Slovakia, Italy, Spain, France, Ukraine, The Netherlands, Germany, Lithuania, Czech Republic, Estonia, Denmark, Switzerland, Norway, Russia, Romania
- Outside EU: Canada, Brazil, Colombia, Dominican Republic, UK, Ireland, US
  - Originating from EU red zone or white list
    - Vaccinated = no quarantine and no test
    - No vaccine = PCR test max. 72h before arrival in Belgium
  - Red zone outside EU (depends on country)
    - Vaccinated = testing on arrival and quarantine until result
    - No vaccine = testing on arrival and quarantine in Belgium. Invite is allowed out of quarantine by exception, only for competition or competition related matters. They will receive a special document from JBL Unbreakable for this purpose.

## Measures for JBL Unbreakable's invites

---

By invitee we mean: dancers, officials and/or guests who are received by the organization of JBL Unbreakable and are provided with a complete package of hospitality (hotel, food, transport, ...).

- Transport
  - Invites will be picked up at the airport by the people responsible for hospitality and, if necessary, will be subjected to a PCR covid test on site.
  - Dancers who need to go into quarantine must keep their mouth mask on at all times during bus or car transport.
- Hotel Ibis Budget Antwerp central
  - Adress: Koning Astridplein, 2018 Antwerpen, Belgium
  - Period: 16/09 – 20/09
- Quarantaine: All invites that have to stay in quarantine have a single room at the hotel. They will be provided with food by the organisation in their room. The hotel is 200m from the sporting venue.
- Contact tracing: We will keep the contact details of every invite so that in case of a corona contamination we can communicate quickly and minimize both direct contacts and suspicious cases. (We know of all dancers at any time with whom and where they are)

### Pre & post event:

- Invited guests **in quarantaine** (Exception Sport Vlaanderen)
  - Stay in an individual hotel room.
  - Come out of hotel room only to participate in the event and be picked up and brought back to the airport.
  - Covid test (the costs and organization of these tests will be taken care of by JBL Unbreakable)
    - Will be tested:
      - On arrival (PCR test)
      - Before the start of the event (PCR, antigen test)
      - On return flight (PCR, antigen test)
  - Are required to wear a mouth mask outside in their hotel room.
- Invited dancers **not in quarantaine**
  - Adhere to the currently imposed corona measures by Belgium and the local authorities.
  - Covid test (the costs and organization of these tests will be taken care of by JBL Unbreakable)
    - If necessary: be tested upon arrival (PCR test),

# UNBREAKABLE

WORLD CHAMPIONSHIP BREAKING

- Be tested before the start of the event (PCR, antigen test) and on return flight (PCR, antigen test)

## What if there is a positive corona test – isolation protocol?

If a positive corona contamination is found in the group of invites, there will be further investigation as to who is considered a high-risk contact and who is not. High-risk contacts will also have to undergo quarantine and PCR testing.

Invites that test positive will be withdrawn from the competition and placed in covid quarantine immediately. The invitee will be escorted by our hospitality team to his/her hotel room or hospital. If hospital, the participant will be accompanied by someone from the hospitality team.

- The average duration of isolation is 10 days.
- The guidance of our hospitality team will be done under the most strict rules.
  - Absolutely no contact with the infected person
  - Use mouth masks and gloves at all times
  - Keep a distance of at least 2m from the infected person.
  - Wash and disinfect hands very thoroughly
- Our hospitality team will help to ensure that administrative obligations are fulfilled and to offer the invite optimal support where possible. (links to embassy, support in taking covid tests, ...)
- Conversation procedure for contact tracing (direct contacts)

Note: The identification of a person with positive infection will not in itself lead to a cancellation of the tournament. First, all partners involved in the organization of the tournament (BWF, host country MA/LOC and local health authority) will be informed and the identified person will be placed in isolation. Those who had immediate contact with the person will be identified and contacted. All subsequent steps following the result of these contact tests will be taken after consultation between the tournament partners: LOC, Sportizon, Danssport Vlaanderen and local health authority.
